

Jack Henstridge - Product Designer

Ann Arbor MI +1 720-723-1422 jackphenstridge@gmail.com Portfolio - jack.henstridge.me

Innovative Product Designer with over 7 years of UX design experience to create impactful, user-centered solutions. Skilled in leading cross-functional collaborations, driving accessibility and inclusive design initiatives, and leveraging AI design tools alongside research insights to enhance and accelerate product outcomes.

Experience

Criteo - Ann Arbor, MI

Product Designer | May 2024 - Present

- Led end-to-end UX for CMax Expansion, **transitioning ~70% of retailer media spend** from untapped private marketplaces onto Criteo's native network to capture direct ad revenue beyond platform fees.
- Designed and shipped "Fast Track Campaigns," scaling so far, from **GA to 29 retailers, 228 advertisers, and 481 campaigns - driving \$200K in ad spend and doubling user ROAS.**
- Designed Target-specific cross-account navigation and account-linking flows to drive adoption while preserving continuity and Target's commercial model. **Shifting 100% of a major brands investment in Retail Media Spend to Commerce Max by Q3 of 2026**
- Drove naming, UX writing, and workflow design for Retailer Budgets, Authorized Buyers, and the Onsite Display API - mapping permissions and workflows while aligning Marketing, Commercial, Product, Leadership, and R&D around a unified model - **reducing user campaign setup errors by 5%.**
- Presented initial workflows to senior executive leadership and explored AI-native product development lifecycle workflows, **reducing the idea - design - build timeline by 15%.**

Travelport - Denver CO + Ann Arbor MI

Product designer | March 2021 - February 2024

- Spearheaded the end-to-end design and launch of **Cloud Scripts**, a no-code automation tool, resulting in a **30% increase in customer productivity.**
- Developed the **Booking Snapshot** feature to streamline workflows, reducing booking time by **15%** and improving user satisfaction.
- Conducted an organization-wide assessment of design maturity, leading key stakeholders to adopt new UX best practices.
- Led user research initiatives, synthesizing insights into actionable strategies that influenced decisions at the **C-suite level.**

Freelance - Denver, CO

Product & Web Designer | January 2017 - March 2021

- Redesigned digital experiences for small business clients, **driving an average 25% increase in customer engagement.**
- Consulted with early-stage startups to conceptualize, prototype, and refine web and mobile app designs aligned with target market needs.

QinetiQ | Leonardo Helicopters - Salisbury, UK

Human Machine Interface Engineer | September 2010 - September 2017

- **Usability & Systems Testing:** Conducted live vehicle and aircraft trials to evaluate system performance, ergonomic constraints, and operational safety.
- **Human Factors Engineering:** Delivered data-backed system design and interface recommendations that **reduced operational error rates by over 35%%** while improving overall platform efficiency.
